IMMO SERVICE by THE KEY GUYS

CAN'T PROGRAM THAT KEY?

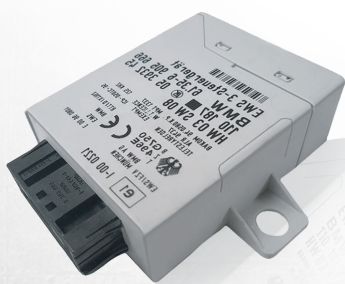

TAKE ADVANTAGE OF OUR KEY PROGRAMMING SERVICE

Since 2011, The Key Guys have provided the key-cutting and auto-locksmithing industry with the very best in quality products and unrivalled technical support service. Now we're stepping it up with a new division that will revolutionise the key-programming game.

Introducing The Key Whisperers, a new division of The Key Guys that offers off-site Immo Service, conducted in our office and dispatched back to you. With a combined 30+ years of key learning and locksmithing experience, an extensive range of car keys, remotes, and transponders, and specialised machinery and technology, The Key Whisperers is fully equipped to handle any ECU / immobiliser situation, including repairs or reprogramming of ECUs and other immobiliser components.

We'll even arrange a courier to pick up the ECU or immobiliser from your worksite and return it along with any programmed keys required. All you need to do is remove and re-install the ECU or immobiliser from the vehicle.

Interested in performing your own Immo Service on site? Call us to learn about The Key Whisperers' tools and training.
