DEVICES

HR MATIC

HR COMPAT CHECK

*Analyzer, code comparison, frequency meter and recorder control fixed code (all frequencies)
Read Frequency: 26 to 868 MHz.*

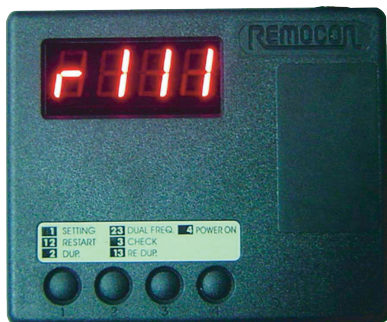

HR COMPAT READER

This Device performs a detailed analysis of remote data including the ability to recognize differences between binary, trinary and fixed codes. Also the type and brand of rolling code in its data base.

Read Frequency: 26 to 868 MHz.

REMOCON

RMC-888

Remocon control duplicator to suit RMC-555 .

RMC-555

Fixed code cloning remote to use in conjunction with RMC-888
